1	AOM31	96 Days (16 Weeks X 6 Days X 8 Hours)	100

ACADEMIC CALENDER 2006 - 2007

SEMESTER I

Teaching at Institute	Mon, 03 July 06 - Fri, 27 Oct 06	17 weeks
Term End Examinations	Mon, 30 Oct, 2006 onwards	

SEMESTER II

Teaching at Institute	Mon, 13 Nov 06 - Fri, 15 Dec 06	05 weeks
Industry Exposure in Hotel	Mon, 18 Dec 06 - Sat, 13 Jan 07	04 weeks
Teaching at Institute	Mon, 15 Jan 07 - Fri, 06 Apr 07	12 weeks
Term End Examinations	Mon, 09 Apr 2007 onwards	

INDUSTRIAL TRAINING

In Hotel	May, June, July, August, September 07	16 weeks
----------	---------------------------------------	----------

Salient Features

1. Run-thru' Scheme:

In view of the semester system of the program students will be permitted to join the second semester even if they have failed to clear the examinations of the first semester. Similarly, students will be permitted to go on Industrial Training after the completion of second semester even if they have failed to clear the examinations of first or second semester. Students will appear for failed subject(s) only in the subsequent examination.

2. Mid-Term Examinations:

Mid Term examinations will be held at institute level and will comprise 30% of the overall assessment while computing Term End results. In view of the semester system, institute will conduct three internal examinations; first, after completion of five weeks of study; second, after ten weeks of study and third, after fifteen weeks of study of 50 marks each. Marks for the best two internal examinations ($50 \times 2 = 100$) would be forwarded to the National Council and would constitute performance in Mid-term Examinations. These marks must reach the National Council prior to the commencement of term end examinations. Absent in any examination would be considered as 'zero'.

3. Detained Students:

Students who are detained in the first semester or second semester, whether on account of shortage in attendance or for any other reasons will be required to repeat that semester as a regular student in the following year and will not be allowed to pursue second semester or Industrial Training, as the case may be.

4. Examination Fee:

A one time examination fee of Rs.1000/- per semester shall be payable. No examination fee is required for repeater candidates. However, such candidates will necessarily have to fill up the Examination Form to register for the examination.

5. Industrial Exposure:

Since students for this program do not have any exposure in the hotel industry, it becomes difficult for them to understand depth of the subjects being taught. Students would, therefore, familiarize themselves with the hotel environment through an *industrial exposure* of four weeks during the second semester. It is in the interest of the student to complete this exposure for which no formal structured learning is required but would cover the two main departments of Housekeeping and Front Office. The student will

bring with him/her a certificate from the hotel where he/she has undergone this exposure.

6. Maximum Chances:

No candidate will be allowed to be on the rolls of any institute if he/she fails to clear the whole or any part of each semester of the course within three academic years i.e. a student admitted for 2005-06 academic year, will have to clear all the subjects by April 2008 term end examinations. Failure to clear the subject(s) in the third year will result in the candidate being out of system.

Semester

I

ACCOMMODATION OPERATIONS – AOM11

Objectives:

The students will be able to:

1. Identify the elements involved in the organization of accommodation operations, its functions, systems and routines.
2. Develop sensitivity and high work ethics towards cleanliness and hygiene and the factors that contribute to it.
3. Explain the activities, selection, procedures and records related to the linen and uniform room operations.
4. Explain the importance of laundry services in hotel operations; enlist the laundry equipments and laundry agents and explain their functioning in the laundry
5. Explain the implementation of policies regarding facilities and services, key control, lost and found and other routine procedures in Accommodation Operations.

Topic Method		Hours
INTRODUCTION TO HOUSEKEEPING	Lecture method	06
Importance of housekeeping		
Areas of responsibility		
CLEANING ORGANIZATION	Lecture method	06
Definition of Cleaning		
Purpose & Principles of cleaning		
Methods of organizing cleaning (conventional and block method)		
Frequency of cleaning (daily, weekly and spring cleaning)		
CLEANING EQUIPMENT	Lecture method	10
General criteria for selection		
Manual Equipment		
Mechanical Equipment		
Use of Equipment – Hygiene and Safety factor		
Care of equipment		
CLEANING AGENTS	Lecture method	08
General criteria for selection		
Classification		
Use, Care and Storage		

HOTEL BEDMAKING	Lecture method	04
Sizes of linen		
Sizes of beds, type of beds and beddings		
STANDARD CONTENTS OF A GUEST ROOM	Lecture method	05
Standard rooms, VIP Rooms and VVIP Rooms		
Guest's special requests		
ACCOMMODATING PHYSICALLY CHALLENGED GUESTS AND LADY GUESTS	Lecture method	03
Facilities and services		
DAILY CLEANING OF GUESTROOMS & BATHROOMS	Lecture method	06
Check-Out Room		
Vacant Room		
Occupied Room		
Evening service		
Reporting & follow up of maintenance tasks		
KEYS	Lecture method	04
Types of Keys		
Computerized key cards		
Key control		
FLOOR PANTRY	Lecture method	02
Location, Layout and essential features		
Chamber Maid's trolley		
DAILY ROUTINE SYSTEMS OF HK DEPARTMENT	Lecture method	06
Reporting, Scheduling and Briefing of staff		
Room Occupancy Report		
Guest Room Inspection		
Handing over at the end of the shift		
Entering Checklists, Floor Register, Work Orders, Log.		
Exchange of linen with necessary records		
COMPOSITION, CARE AND CLEANING OF DIFFERENT SURFACES	Lecture method	08
Metals		
Glass		
Leather, Leatherites, Rexines		

Plastic		
Ceramics		
Wood		
PUBLIC AREA CLEANING	Lecture method	06
Front-of-the-house Areas		
Back-of-the house Areas		
LOST AND FOUND	Lecture method	02
Procedure		
Record Maintained		
LINEN ROOM MANAGEMENT		20
Activities of the linen room	Lecture method	
Location, planning and layout of the linen room	Assignment	
Linen items used in the hotel	Lecture method	
Selection criteria for various linen items		
Calculation of linen requirements		
Purchase of linen		
Linen cycle and linen control		
Daily routine control of linen procedures and records		
Stocktaking procedures and records		
Recycling of discarded linen		
The importance of providing uniforms to staff		
Selection and design of uniforms		
Issuing and exchange of uniforms Procedures and records		
Planning the layout of the uniform room	Assignment	
Activities of the sewing sections		
Areas and equipment to be provided		
COORDINATING LAUNDRY SERVICES	Lecture method	24
Feasibility of establishing an On premises Laundry		
Advantages and disadvantages		
Flow process chart of industrial laundry		
Stages in the wash cycle		
Laundry equipment and their functions	Field visit/Film	
Location and planning the layout of the laundry	Assignment	
Laundry agents and their role in the Laundry process		
Dry cleaning and special techniques for fabric care		
Guest laundry / Valet services		
Stain removal		
TOTAL		120

ACCOMMODATION OPERATIONS – Practical

Topic Method		Hours
Equipment handling care and cleaning including laundry machines	Demonstration and practice	10
Setting up of a chambermaid's trolley and the floor pantry	Demonstration	04
Handling and use of detergents polishes and other chemicals	Demonstration and practice	08
Care, cleaning and polishing of different surfaces	Demonstration and practice	16
Daily cleaning of guestrooms and bathrooms	Demonstration and practice	10
Weekly, periodical & special cleaning	Demonstration and practice	10
Public area cleaning	Demonstration and practice	10
Bed making	Demonstration and practice	10
Guest room inspection	Demonstration and practice	04
Reporting maintenance and follow up	Demonstration and practice	04
Laundering and dry cleaning fabrics	Demonstration and practice	12
Stain Removal	Demonstration and Practice	10
TOTAL		106

EXAMINATION SCHEME**PGDAOM
ACCOMMODATION OPERATION - PRACTICALS**

Maximum Marks	:	100
Pass Marks	:	50
Duration	:	03 Hrs.

MARKING PATTERN:

Personal grooming	:	05
Bed making	:	25
Cleaning task	:	20
Plan of work / work card	:	10
Laundry and Stain removal	:	20
Viva	:	10
Journal	:	10

TOTAL		<u>100</u>

FRONT OFFICE OPERATIONS – AOM12

Course objectives:

The students will be able to:

1. Demonstrate a broader knowledge of the Lodging Industry
2. Demonstrate knowledge of the basic operations of the rooms division departments within a lodging property.
3. Demonstrate a wide range of skills related to the Front Office Assistants position.
4. Explain the interrelationships between the various departments within a Lodging Operation
5. Develop skills and terminology necessary to interact with professionals in the lodging industry.
6. Develop a pleasing manner while dealing with guests.
7. Handle basic operational functions using a PMS.

Topic Method		Hours
Introduction to Tourism & Hospitality	Lecture	6 hrs
A. Tourism and its importance B. Hospitality and its origin C. <u>Hotels, their evolution and growth</u> * D. Concepts of Service E. Brief introduction to hotel core areas with special reference to Front Office	* Group Assignment	
Classification of Hotels	Lecture	8 hrs
A. Size B. Star Classification / Facilities C. Location & clientele D. Ownership basis E. Independent hotels F. Management contracts G. Franchise/Affiliated H. Supplementary accommodation I. Time shares and condominium J. <u>Modern Hotel Concepts – Ecotel, Boutique, All Suites, Convention Hotels</u> *	*Group Assignment	
Types of Rooms	Lecture	3 hrs
A. Single		

B. Double C. Twin D. Suites- penthouse, E. Studio		
Hotel Organisation	Lecture	5 hrs
A. Function areas B. Front office hierarchy C. <u>Duties and responsibilities/ Job descriptions *</u> D. Personality traits E. Business Etiquettes & Manners	*Group Assignment	
Tariff Structure	Lecture	4 hrs
A. Basis of charging B. Plans, Different types of tariffs <ul style="list-style-type: none"> • Rack Rate • Discounted Rates for Corporate, Travel Agents & Airlines, FHRAI, Travel writers 		
Front Office & Guest Handling	Lecture	4 hrs
Introduction to guest cycle <ul style="list-style-type: none"> - Pre arrival - Arrival - Stay - Departure and after departure 		
Reservations- Pre Arrival	Lecture	8 hrs
A. Importance of reservation B. Modes C. Channels and sources (FITs, Travel Agents, Airlines, GITs) D. Types of reservations (Tentative, confirmed, guaranteed etc.) E. Systems (non automatic, semi automatic fully automatic) F. Cancellation, Amendments and Overbooking		
Registration- Arrival	Lecture/ Discussion	6 hrs
Information- During the Stay Activities	Lecture/ Case Study	6 hrs
A. Information services		

B. Message and Mail Handling C. Key Handling D. Hospitality desk E. Complaints handling procedure F. Guest handling G. Guest history		
Ongoing Front Office Responsibilities	Lecture 6	hrs
A. Interdepartmental Coordination B. <u>Bell Desk- Layout & Organisation *</u> C. Concierge D. Telephone Handling	* Group Assignment	
Glossary of Front Office Terminology, Signs and Abbreviations	Self Study / Discussions	4 hrs
Total:		60 hrs

NOTE: All Group assignment shall require a group of 5-6 students to work in groups before making a 20 minutes presentation. The class can be divided into a maximum of 6 groups and briefing on the scope and range of the topic assigned, may be given by the teacher. The teacher may also indicate the sources from where the students can retrieve information.

The above syllabus requires each student to participate in at least 4 assignments during the semester. Presentation may be done during the practical classes. The hours that are mentioned against each chapter are a suggestion for delivery of theory inputs only. Time may not be consumed from these hours for assignment presentation.

List of Suggestive Reference Books:

- | | |
|---|--------------------------|
| 1. Effective Front Office Operations- | - M. Kasavana & Steadmon |
| 2. Managing Front Office Operations- | - M. Kasavana |
| 3. Hotel Front Office | - Bruce Braham |
| 4. Check in Check out | - Jerome J Vallen |
| 5. Profitable Hotel Reception | - Derek Taylor |
| 6. Front Office Psychology | - H V Heldenbrand |
| 7. Front Office Operations and management | - Ahmed Ismail |
| 8. Front Office Management (Frank Brothers) | - Sushil Kumar Bhatnagar |

PRACTICALS- 60 hours

- A. Appraisal of front office equipment and furniture
- B. (Rack, counter bell desk)
- C. Filling up of various proforma
- D. Welcoming of guest
- E. Telephone handling
- F. Role play
 - Reservation
 - Arrivals
 - Luggage handling
 - Message and mail handling
 - Paging

HMS Training (In computer lab):

Hands on practice of computer application (Hotel Management System) related to Front Office procedures such as

- Reservation
- Registration
- Guest History
- Message Handling

SUPERVISORY MANAGEMENT – AOM13

Objectives:

The students will be able to:

1. Explain the management process
2. Practice the skills needed for effective supervision.
3. Use leadership skills for quality enhancement

Topic Method		Hours
INTRODUCTION TO MANAGEMENT		06
Definition of management	Lecture Method	
The Management process	Lecture Method	
Evolution of Management	Lecture Method

- Night Audit
- Reports

INTERIOR DECORATION – AOM23

Objective:

Students will be able to:

1. Define décor related terms
2. Explain the elements and principles of design and apply them to the décor of guestrooms and other areas in the hotel
3. List the choices and select suitable accessories, furniture, window treatments, lighting and carpets for rooms and public areas in the hotel
4. Plan the layout of guest rooms
5. Select and harmonize colour schemes
6. Create flower arrangements suitable for various occasions/areas in hotels, applying the principles of art, as well as carrying out conditioning to ensure that the arrangement stays fresh.

Topic	Method	Hours
AN INTRODUCTION TO INTERIOR DESIGN AND DÉCOR	Lecture	04
Beauty		
Expensiveness		
Functionalism		
Common terms used in décor		
ELEMENTS OF DESIGN	Lecture	16
Line, form, texture and colour (basic elements)		
The concept of light, space and pattern as elements		
Colour Associations		
Understanding colour		
The colour wheel		
Properties of colour –Warm /Cool, Advancing/Receding Heavy/Light, Earthy /Acid		
Additive and Subtractive colour		
Colour Perception		
Physical and psychological effect of colour		
Colour Balance		
Colour Emphasis		
Colour Contrast		
Effect of light on colour		
Choice of colours		
Planning a colour scheme of a room	Assignment	
PRINCIPLES OF DESIGN	Lecture	04

Harmony, Balance, Scale and Proportion, Rhythm, Emphasis		
WINDOWS AND WINDOW TREATMENT	Lecture	12
The purpose of a window		
Types of windows		
The importance of suitable window treatments		
Selecting fabrics for curtains (practical and visual)		
Curtain headings		
Calculating fabric requirements		
Types of window treatments		
LIGHTING	Lecture	16
Introduction to lighting		
Lighting Levels- Lux and Lumen		
Categories- Ambient, Task, Accent, Exterior and Emergency		
The importance of a good lighting system		
Artificial lighting -Tungsten, Fluorescent, Discharge, CFL, Halogen..		
Types of light distribution-direct, semi direct, indirect, diffused		
Methods of lighting- architectural and non-architectural		
Lighting in various areas of the hotels		
Light fittings		
Selection of lighting systems and energy check list		
FURNITURE	Lecture	12
The functional aspect-furniture elements, structure, finish, upholstery		
The decorative aspects- styles of furniture		
Furniture items placed in the guestrooms		
Standard sizes of furniture		
Furniture arrangement—Guidelines		
ACCESSORIES		02
Various types of accessories and their guidelines	Assignment	
Flower Arrangement as an accessory		
Indoor Plants as an accessory		
WALL FINISHES	Lecture	04
Paint, Wallpaper, Fabric, Laminates Wood panelling, Ceramic Tiles, Glass, Textured		
FLOOR FINISHES	Lecture	04
Ceramic, Marble Terrazzo, Granite, Concrete, Wood, Resilient (Vinyl, Asphalt, Rubber, Linoleum)		

Floor Polishes and Seals		
CARPETS		16
The components of carpets-face, primary & secondary backing		
Types of carpets their construction & uses (woven, tufted, bonded, electro statically flocked)		
Carpet Dyeing		
Carpet Forms		
Carpet Under lays		
Laying a carpet		
The decorative value of a carpet		
The functional value of a carpet		
Criteria for selection of carpet		
	Total: 90	

Interior Decoration Practical

DECORATION FOR SPECIAL OCCASIONS	Lecture	24
Range of materials available	Practice	
Areas to be decorated	Assignment	
Theme decorations		
Synergizing with the ambience

INDUSTRIAL TRAINING (AOM26)

- 1) Industrial Training is an integral part of the curriculum. Objective of industrial training is to provide to students the feel of the actual working environment and to gain practical knowledge and skills, which in turn will motivate, develop and build their confidence. The 16 weeks industrial training would be divided into eight weeks each in the two key areas of Housekeeping & Front Office.
- 2) Students must complete minimum 90 days of Industrial Training and submit IT report after completion for assessment latest by 30th September. NCHM&CT will accept marks of IT only twice in a year i.e. along with first or second semester practical marks.
- 3) 20% marks of IT would be on the basis of feed-back from the industry in a prescribed Performance Appraisal Form (PAF) and will form part of the Industrial Training Report of the student. It will be the students' responsibility to get this feed-back/assessment form completed from the two departments of the hotel for submission to the institute at the end of Industrial Training. Remaining 80% marks will be based on assessment of the report.
- 4) Responsibilities of institute, hotel and the student/trainee with aims & objectives have been prescribed for adherence.
- 5) Once the student has been selected / deputed for Industrial Training by the institute, he/she shall not be permitted to undergo IT elsewhere. In case students make direct arrangements with the hotel for Industrial Training, these will necessarily have to be approved by the institute. Students selected through campus interviews will not seek Industrial Training on their own.

Industrial Training

1. RESPONSIBILITIES OF THE TRAINEE

- 1 should be punctual.
- 2 should be attentive and careful while doing work.
- 3 should be keen to learn and maintain high standards and quality of work.
- 4 should interact positively with the hotel staff.
- 5 should be honest and loyal to the hotel and towards their training.
- 6 gain maximum from the exposure given, to get maximum practical knowledge and skills.
- 7 should attend the training review sessions / classes regularly.
- 8 should be prepared for the arduous working condition and should face them positively.
- 9 should adhere to the prescribed training schedule.
- 10 should take the initiative to do the work as training is the only time where you can get maximum exposure.
- 11 should, on completion of Industrial Training, handover the report, appraisals and completion certificate to the institute.

2. RESPONSIBILITIES OF THE INSTITUTE

- 1 should give proper briefing to students prior to the industrial training.
- 2 should make the students aware of the industry environment and expectations.
- 3 should notify the details of training schedule to all the students.
- 4 should coordinate regularly with the hotel especially with the training manager.
- 5 should visit the hotel, wherever possible, to check on the trainees .
- 6 should sort out any problem between the trainees and the hotel.
- 7 should take proper feedback from the students after the training.
- 8 should brief the students about the appraisals , attendance, marks and training report.
- 9 should ensure that change of I.T. hotel is not permitted once the student has been interviewed, selected and has accepted the offer.
- 10 should ensure trainees procure training completion certificate from the hotel.

3. RESPONSIBILITIES OF THE HOTEL

First exposure: A young trainee's first industry exposure is likely to be the most influential in that person's career. If the managers / supervisors are unable or unwilling to develop the skills young trainees need to perform effectively, the latter will set lower standards than they are capable of achieving, their self-images will be impaired, and they will develop negative attitudes towards training, industry, and – in all probability – their own careers in the industry. Since the chances of building successful careers in the industry will decline, the trainees will leave in hope of finding other opportunities. **If on the other hand, first managers/supervisors help trainees achieve maximum potential, they will build the foundations for a successful career.**

Hotels:

1. should give proper briefing session/orientation/induction prior to commencement of training.
2. should make a standardized training module for all trainees.
3. should strictly follow the structured training schedule.
4. should ensure cordial working conditions for the trainee.
5. should co-ordinate with the institute regarding training programme.
6. should be strict with the trainees regarding attendance during training.
7. should check with trainees regarding appraisals, training report, etc.
8. should inform the institute about truant trainees.
9. should allow the students to interact with the guest.
10. should specify industrial training's "Dos and Don'ts" for the trainee.
11. should ensure completion of appraisal form and issue of completion certificate to trainees on the last day of training

Industrial Training
PERFORMANCE APPRAISAL FORM (PAF)

Name of Student: _____	NCHM&CT Roll No: _____
Institute: IHM / FCI _____	Duration: 08 weeks (48 working days)
Name of the Hotel: _____	From: _____ To: _____
Department: Housekeeping / Front Office	

Appearance

Immaculate Appearance, Spotless uniform, Well groomed hair, Clean nails & hands	5
Smart Appearance, Crisp uniform, Acceptable hair, Clean nails and hands	4
Well Presented, Clean Uniform, Acceptable hair, Clean nails & hands	3
